Last Updated - October 1, 2024: These specifications are subject to change without notice at any time prior to the signing and acceptance of a construction/ purchase agreement. The builder may make changes during a build if such is necessitated by the unavailability of specified proprietary equipment due to changes by the manufacturer or problems in the supply chain. The builder is not obligated to incorporate such change in boats then under construction or previously built. Projected weights and performance are estimated and vary depending on the owners operation and options added.
