

NORTHWEST 55

Designed for your Life - Built for Adventure.

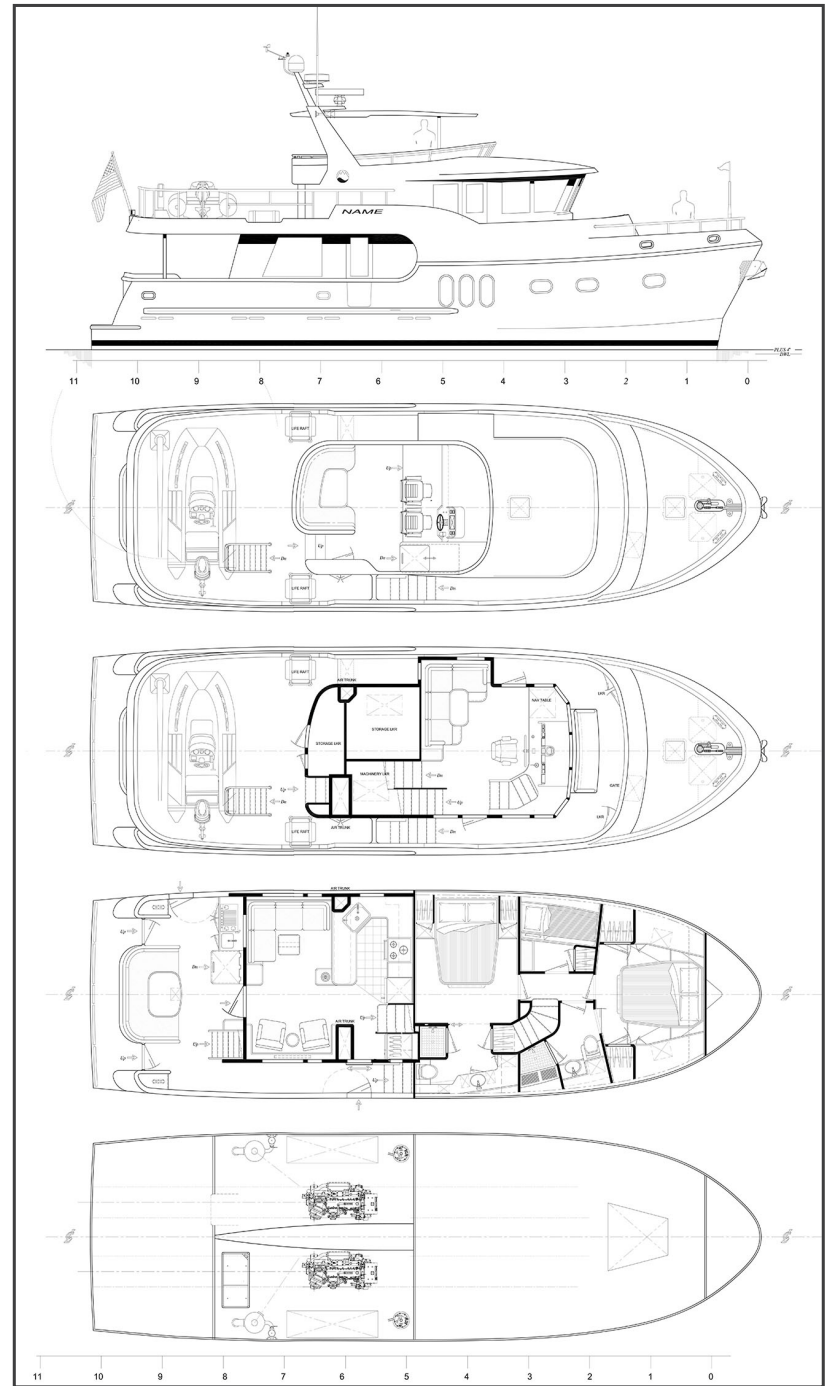

SEATTLE  YACHTS
International

Northwest Yacht's mission is to deliver yacht owners with reliable and capable vessels for both weekend trips and long-distance passages. Each model is thoughtfully designed with focus on integrity and quality. From the compact Northwest 52 to the expanded Northwest 63, our line provides safe, comfortable, and fully-equipped expedition yachts, allowing boaters to explore the world while bringing the comforts of home with them, turning dream destinations into reality.

The Northwest 55 is a versatile long-range cruiser designed to handle demanding conditions with ease. It features a comfortable salon, fully equipped galley, and a choice of 2 or 3-stateroom configurations. This model includes an extended cockpit, offering more space for activities, entertaining, and storage. The third stateroom can be customized with a single berth, bunks, or converted into an office.
